

To all the BDCC Applefest Volunteers

I would like to thank all the volunteers that came out to help with this year's BDCC Applefest Activities.

I had over 30 folks helping at various times with the many activities both at the Street Curling and Dance Party events between 8 a.m. and Midnight on Saturday.

Feedback so far is that it was a great success and total income was over \$5100.00 !

I think that the move to the Children's Village was a wise move although I was very nervous that I had made a mistake. However, it gave us extra space in a more relaxed atmosphere to talk to participants both young and old about joining the club.

Likewise the Dance Party garnered support from 132 patrons. The Offbeats did an excellent job providing entertainment for the evening. Streamlining the bar service was a game changer. Selling beverage tickets and not pouring mixed drinks made the service much faster.

We want to hear your comments / observations on how we can improve or recommendations on other activities we should consider for next year.

Thanks again to the Street Curling Skips, face painters, bar servers, ticket sellers, door keeps, setup and takedown crews (both day and night).....you made it all come together seamlessly.

Time to start planning for next year !

Kindly.....Brian Hollingsworth
